PS-01-PH/EC

**pH / EC / temperature can be measured with one sole measuring instrument. A series of pH / temperature and EC / temperature meters are available.**

- pH / EC / temperature meter with a built in micro processor
- EC sensors which strongly resist dirt are used
- High accuracy pH:  $\pm 0.02$  pH EC:  $\pm 2\%$  temperature:  $\pm 1^\circ\text{C}$
- Auto calibration
- pH measuring and EC measuring can be switched by a one touch operation
- With Hold function

**CEMCO**
